Be the change

Delta Kappa Nu is a social sorority based in Australia, which is focused on social and philanthropic activities to improve the lives of women all over the world. Sharing fun, friendship, and sisterhood, Delta Kappa Nu helps its members grow to be well rounded pillars of the community. In reality, it means a

group of wonderful women who get together on a regular basis, to share and celebrate their lives and make a charitable

contribution to worthy causes.

Sisterhood

Sisterhood is very important to Delta Kappa Nu. Sisters are selected based on their contributions to society and their ability to contribute to their chapters. Delta Kappa Nu is a non-hazing sorority, and welcoming to those of the LGBT community. We are open to all religions, political persuasions or philosophies. Forget what you have seen in the movies, a sorority woman can be anyone, in any shape, who has the dedication and sisterly spirit to contribute.

Philanthropy

Philanthropy is a special part of the Delta Kappa Nu sisterhood. Every meeting involves some form of philanthropy, even if it is just a small donation.

Through our annual charity fundraising events, Delta Kappa Nu will support many organisations focussed on helping people, and especially women, around the world.

The Sorority Ideal

"The sorority idea means close friendship fostered by long association in common interests. The sorority ideal is the symmetrically developed woman, the result of close confidence and lasting friendships with a few congenial spirits." – Ida Shaw Martin, *The Sorority Handbook*, 1909, p23

This quotation, written well over 100 years ago, still holds true to this day. Women need and enjoy places where they can grow and develop lasting friendships and fellowship, and the sorority offers them such a space.

Our History

Two women got together in 2010 with the idea to create a non-collegiate social sorority in Australia. Gathering their friends and women they thought would make a great contribution, they set about founding a sorority that would strengthen their existing friendship by adding the bond of sisterhood. Social events were planned to be the main focus of the sisterhood, but with a definite streak of philanthropy as well, Delta Kappa Nu was founded in May 2011.
